## School improvements

### Benalla Flexible Learning Centre

- Individual Learning Plans
- Flexible timetables
- Mentor Support
- Involvement in the community
- Catering for students needs

Thanks everyone for your patience while we have been taking enrolments and setting up the classroom for the Flexible Learning Centre.

This center has been fitted with a new computer system and photocopier / printer and we must thank Tim Bennetts from Wodonga Senior Secondary College for doing many miles along the Hume to make it all happen for us. Having the computer system up and running is vital for our school as students will be able to access learning modules through the Desire 2 Learn Program.

Thanks also to Crystal and her Dad, Clifford for locating and delivering the 'new' kitchen, stove and microwave that will be fitted into the classroom next Wednesday

March 4. Consequently the classroom will not be available on this day. This new kitchen will enable students to be involved with cooking and meal preparation activities while at school.

Friday will see the delivery of a lovely new couch for the room. This has been supplied by STOLZ at a very special price for the Flexible Learning Centre.

Monday March 9 is a public holiday and so there will be no classes held at the FLC. Tuesday will see Anna's first day at the school. This week will also see the beginning of the full timetabled classes. Please make sure you have made contact with the school to arrange your timetable.

The new kitchen to be installed next Wednesday.

## SUPPORT FOR WORK EXPERIENCE

### CI CARD

We are very fortunate to have the services of Shane Crispin from the Centre. He will be visiting the Benalla Flexible Learning Centre each Wednesday between 10 -10:30. His role is to link students with possible work experience to enable them to broaden their experiences and develop an understanding of the type of work that may be suitable to them in the future.

If you are interested in work experience or working on any building site then you must have a 'White Card' this card ensures that you have an understanding of the risks involved and how to look after yourself and others on a worksite.

Benalla Flexible Learning Students have the opportunity to participate in this learning experience on March 10, 2015. If you are interested in participating in this session please see Michele asap.
